## Investigations Roles

**Operations Branch - South East Region**

**Senior Investigator (APS6)**

**Ongoing and Non-Ongoing (temporary), Full Time**

**Penrith, NSW - Melbourne, VIC**

**Develop your future, at the NDIS Quality and Safeguards Commission, by helping to improve the quality and safety of NDIS supports and services.**

## JOIN OUR TEAM

The NDIS Quality and Safeguards Commission (the NDIS Commission) is an independent government agency established to improve the quality and safety of NDIS supports and services. Our purpose is to work with people with disability, providers and the community to deliver nationally consistent, responsive and effective regulation for NDIS supports and services. The NDIS Commission brings together various quality and safeguards functions into a single agency for the first time, and will have a suite of education and regulatory powers that apply across Australia. We are progressively rolling out nationally and by December 2020 will have a presence in every state and territory capital city. Our head office is located in Penrith, NSW.

The NDIS Commission presents an opportunity for you to join an organisation that actively works to improve outcomes for people with disability.

As an investigator with the NDIS Commission, you'll be investigating alleged contraventions of the *National Disability Insurance Scheme Act 2013*. Where contraventions can be substantiated, your investigation outcomes will result in the generation of a variety of regulatory outcomes aimed at positively influencing the behaviour of providers of NDIS-funded supports and services.

The NDIS Commission is committed to building a diverse workforce and inclusive culture. We strongly encourage people with disability to apply for roles and to reach out to our recruiters if you require an adjustment to the recruitment process in order to participate on an equal basis with others.

## A LITTLE BIT ABOUT WHAT WE DO

The NDIS Commission is the dedicated national regulator of NDIS service providers in Australia and a non-corporate entity under the *Public Governance, Performance and Accountability Act 2013*. The NDIS Commission commenced operations in New South Wales and South Australia on 1 July 2018, and expanded its operations to other jurisdictions (Tasmania, Queensland, Victoria, Northern Territory and ACT) on 1 July 2019. The NDIS Commission will commence operations in Western Australia on 1 December 2020.

The NDIS Commission's core legislative functions are to:

- uphold the rights of, and promote the health, safety and wellbeing of, people with disability receiving supports or services, including those received under the National Disability Insurance Scheme;
- develop a nationally consistent approach to managing quality and safeguards for people with disability receiving supports or services, including those received under the National Disability Insurance Scheme;
- promote the provision of advice, information, education and training to NDIS providers and people with disability;
- secure compliance with relevant legislation through effective compliance and enforcement arrangements, including through the monitoring and investigation functions conferred on the NDIS Commissioner by legislation;
- promote continuous improvement amongst NDIS providers and the delivery of progressively higher standards of supports and services to people with disability;
- develop and oversee the broad policy design for a nationally consistent framework relating to the screening of workers involved in the provision of supports and services to people with disability;
- provide advice or recommendations to the National Disability Insurance Agency (NDIA) and its Board in relation to the performance of the Agency's functions;
- engage in, promote and coordinate the sharing of information to achieve the objects of the relevant legislation, and
- provide NDIS market oversight, including:
  - monitoring changes in the NDIS market which may indicate emerging risk; and
  - monitoring and mitigating the risks of unplanned service withdrawal.

## WHAT THE OPERATIONS BRANCH IS RESPONSIBLE FOR

The Operations Branch comprises North Central West and South East regions. These are responsible for State and Territory operations that deliver the NDIS Commission's complaints function; building provider capability to prevent and manage incidents affecting people with disability; building capability in positive behaviour support strategies; and undertaking compliance and investigation activities, and enforcement action.

The State and Territory Directors together with the Branch Heads responsible for the regions, are responsible for the efficient and effective delivery of the NDIS Commission regulatory functions in each Australian jurisdiction.

- **Reportable Incidents**
- **Complaints**
- **Compliance and Investigations**

The Operations Branch forms part of the Registrar's functions in the NDIS Commission, which also includes national provider registration, compliance and investigation strategy and policy, worker screening and market oversight.

## WHAT INVESTIGATIONS IS RESPONSIBLE FOR

Investigations is responsible for investigating alleged contraventions of the *National Disability Insurance Scheme Act 2013* (NDIS Act) and associated Rules. These investigations deal with allegations relating to the treatment of NDIS-funded participants. Investigations are also conducted regarding the suitability of persons to deliver NDIS-funded supports and services.

Investigators attend locations where services and supports are supplied, using statutory powers to obtain evidential material and achieve ongoing compliance and the prepare reports and briefs of evidence to support further action.

Investigation activities may result from complaints, reportable incidents affecting the safety and well-being of participants, audit reports, referrals or targets developed by the NDIS Commission. Investigators liaise extensively with internal and external stakeholders and share strategies, methodologies, techniques and learnings to contribute to effective investigation outcomes.

While Investigations is responsible for investigating alleged contraventions of the NDIS Act, the function works closely with the Compliance function, sharing intelligence and findings in order to be better informed and carry out their respective functions collaboratively.

The NDIS Commission does not investigate allegations of fraud against the NDIS. Such allegations are dealt with the National Disability Insurance Agency.

Where there is sufficient evidence to substantiate a contravention of the NDIS Act, the NDIS Commission function works collaboratively with other NDIS Commission functions to deliver the most appropriate regulatory outcome. The aim of those outcomes is to protect NDIS-funded participants and send strong regulatory messages to providers of NDIS-funded supports and services regarding behaviour and standards expected of them by the NDIS Commission.
